

REQUEST TO MODIFY EXISTING PYROTECHNIC DISPLAY PERMIT

Directions:

- If an existing approved permit must be modified, please complete the appropriate change section (date, time, location, site products and/or operators) and sign and date the form.
- If this proposed modification involves a change in display date or physical location, please attach a copy of an updated **Certificate of Insurance** addressing these changes.
- Modification requests received without this form will not be approved.
- This form may be filed via fax, email, U.S. mail, or hand-delivered to the OSFM.

Unless this modification request is submitted prior to the display date, and approved in writing by the OSFM, no changes may be made to an existing fireworks display permit once issued by the OSFM.
