Fire Extinguisher

Draw the layout of your home as best you can. Include:			
	Doorways		
	Windows		
	Each room		
	Smoke alarm locations (labe	el "SA")	*Date installed
	Carbon monoxide alarm location(s) (labe	el "CO")	*Date installed
	•	el "FE")	*Date Serviced
Visit each room in your home and:			
	Find two ways out		
	Draw arrows on your "Fire Drill Planner" showing two ways out		
Draw a separate floor plan for:			
	Basements, 2 <sup>nd</sup> or 3 <sup>rd</sup> floors, Finished room over garage (FROG)		
Mark your Fire Drill Planner with your safe meeting place:			
	Pick a solid object that isn't easily moved, such as a tree		
	Make sure the object is far enough from your home so it's safe to stand there		
Remember:			
	Practice your fire drill every three months and within 24 hours of the arrival of a new foster child. Try escaping from every room and <b>closing doors as you escape</b>		
	Sleeping with your bedroom door closed may save your life		
	Closing doors as you escape may save your life		
	Doorways and windows should open easily to get outside		
	If safe, windows can be used for escape outside		
	♦ Practice with your family to make sure you can open the window, remove any screens, and get to the ground safely		
	<b>NEVER</b> stop to pick up anything on the	e way o	out (even while practicing your fire

□ **NEVER** go back into the home **FOR ANY REASON** (even while practicing your fire

□ Call 911 from outside the home, after you've escaped (pretend to call 911 when

drill)

practicing your fire drill)

## **Grown-ups:**

Children don't always wake up when the smoke alarm sounds. Before a fire occurs, know what your child will do .
